

**Question 3**

Correct

Mark 1.00 out of 1.00

Match the attributes with what the consequences are when opening a file with it. The `man` page is your friend, in this case `man 2` open.

- |   |  |   |
|---|--|---|
| <code>O_RDONLY</code>   <code>O_WRONLY</code> | Cannot be read from or written to      | ✓ |
| <code>O_RDONLY</code>                         | Cannot be written to, can be read from | ✓ |
| <code>O_WRONLY</code>                         | Can only be written to                 | ✓ |
| <code>O_RDONLY</code>   <code>O_CREAT</code>  | May require write permissions to read  | ✓ |

Check

Your answer is correct.

You have correctly selected 4.

Correct

Marks for this submission: 1.00/1.00.
